for international students**

I apply for a (partial) waiver of tuition fees for international students
as per § 7 Landeshochschulgebührengesetz LHGebG (state law on higher education fees) for the

summer semester:	20 ____	and/or for the winter semester:	20 ____ / 20 ____

Due to a financial emergency that occurred through no fault of my own after commencing my studies, I am not able to pay the tuition fees on time (considerable financial hardship).

Please explain your situation on a separate sheet, indicating details why paying the tuition fees for international students puts you in a financial emergency.

Please make sure to submit all relevant documentation with this request! This includes:

If needed, please continue on a separate sheet of paper.**

Important information about this application form:

Submitting the application for a (partial) waiver does not affect your obligation to pay tuition fees. Payment of the total sum is still due on the stated deadline for re-registration. Applications for waivers are evaluated on a case-by-case basis. If a waiver is granted, this does not automatically mean you can claim the same in the future. At any rate you will have to pay the mandatory semester fee (Seezeit student services, student body and administrative fees).

By signing this document, I declare that, to the best of my knowledge, the information I have provided here is complete and correct. I am aware that the information I have provided will be used to assess my eligibility for a (partial) waiver of tuition fees and that I have to immediately notify the university of any relevant changes to my circumstances. I am also aware that the University of Konstanz may demand further documentation if it suspects that any of the information I have provided is incomplete or incorrect.
