University of Konstanz

Straightforward, communicative, strong in research: The University of Konstanz is one of the leading German universities and is among the world's best young universities. We were successful in both phases of the German Excellence Initiative with our concept of a "Culture of Creativity". Knowing that innovative ideas can only emerge in a communicative environment and through exchanges across all disciplines, we create the best possible conditions for top-level research and young researchers, for studying and teaching, for work and life quality as well as internationality. The campus university boasts with its unique location directly on Lake Constance in the tri-border area Germany – Austria – Switzerland. Our profile areas in research are Cultural Studies and Decision Sciences, Chemical Biology and Ecology as well as molecular Nanoscience and Material Sciences. We offer our currently about 11,700 students more than 100 study programmes in the fields of mathematics and natural sciences, the humanities, as well as law, economics and administrative sciences.
