

DECLARATION:

I hereby affirm that I have independently written the attached Bachelor's/Master's thesis on the topic:

and have not used any other aids or sources other than those I have indicated.

If I have used text-generating AI tools as aids, I understand that I am solely responsible for the accuracy of the content of the AI-generated text passages, as well as for referencing other people's wording and ideas in accordance with the principles of good scientific practice. For parts that use the wording or meaning coming from other works written by natural persons (also taken from the Internet and other electronic collections of text and data), I have identified them in each case by reference to source or the secondary literature.

I realize that the exam or coursework will be evaluated as "fail" (5.0) in case I inaccurately claim to be the sole author, in case I have used unauthorized aids, or in case I have not sufficiently referenced the use of permitted aids. In case of serious fraud or plagiarism, I am aware that the corresponding Examination Board may decide to exclude me from the exam retake, resulting in a complete loss of right to take exams.

Furthermore, I hereby affirm that the above mentioned work has not been otherwise submitted as a thesis for a Bachelor's/Master's examination. I further understand the pending completion of the review process I must keep the materials available that can prove this work was written independently.

After the examination process has been completed, the work will be submitted to the Library of the University of Konstanz and catalogued. It will thus be available to the public through viewing and lending. The described data given, such as author, title, etc. are publicly available and may be used by third parties (for example, search engine providers or database operators).
