

## **Career Service offers for career orientation, internships, applications and career start**

The Career Service supports all students, doctoral candidates and graduates of the University of Konstanz on all aspects of careers - and not only during the transition from studying to working. The Career Service is also available to answer questions about internships, career orientation and additional qualifications to accompany your studies. In addition to the [counselling services](#), there are many other offers to discover that will support you in your professional orientation.

You can get a taste of a professional field in just one day with [job shadowing](#). In the [#dreamjob](#) interview series, alumnae and alumni of the University of Konstanz talk about their personal career entry. In the [ZEuS internship and job portal](#) you will find many vacancies for internships and entry-level positions. And the [eLearning tool Internship](#) will support you from searching to the final interview so that you can get the most out of your internship.

There are also many [events and workshops](#) available to you every semester on the topics of career orientation, internships, applications and starting a career. Whether you want to find out more about finding an internship in Germany or abroad, have questions about the application process or want to practise for an upcoming job interview - you are sure to find the right thing here.

The Career Service is looking forward to supporting you on your individual path. You can find all Career Service offers on the website: [uni.kn/career-service](https://uni.kn/career-service).
