

CALL FOR PROPOSALS

PANDOTA fund for doctoral research

Target group

Doctoral researchers in the Faculty of Sciences at the University of Konstanz

Applications can come from doctoral researchers admitted between 15.11.2023 and 14.11.2024, or from persons who can document having a concrete doctoral research project with a supervising professor. If possible, applicants should state existing funding options for their projects.

Funding format

A total of 12 doctoral researchers will receive 5,000 euros each to spend on material resources within a two-year period. The funds will be distributed evenly among the Departments of Biology, Chemistry, Computer and Information Science, Mathematics and Statistics, Physics, and Psychology.

Selection criteria

The applications will be assessed on the basis of the applicants' final master's grades and their performance.

Selection process | Reporting requirements

The departments will select and nominate doctoral researchers and the Dean's Office will confirm the nominations. Funding recipients are required to submit a final report including documentation of how the funds were spent.

Application | Deadline: Monday, 15 November 2024

Application documents: letter of motivation describing the doctoral research project (max. 1 DIN A4 page), academic CV, master's degree certificate and examination certificate, documentation of admission to the university as a doctoral researcher or confirmation from a supervising professor. Please submit your application electronically in a single PDF file with a max. size of 5 MB to sek1.ref@uni-konstanz.de. You may not submit the same application more than once.

Send us your application – we look forward to hearing from you!
